

KRISTALIA

CONDOMINIO

a living project

KRISTALIA

Condominio è il modo in cui Kristalia ha scelto di raccontarsi e di rappresentarsi. È un progetto abitativo in divenire nato per interpretare, mostrare e comunicare il total living di Kristalia e di Personal Spaces by MD House. Condominio è l'archetipo residenziale moderno che nello showroom Kristalia diventa un set, un territorio, un luogo per immaginare e un foglio bianco per progettare. Qui, negli ambienti comuni e in quelli privati, si costruiscono scenari di interni e momenti di vita quotidiana fermati nel tempo dalla fotografia. In questi spazi simbolici e situazioni abitative, le combinazioni tra arredi e sistemi diventano angoli e stanze, suggestioni e funzionalità da raccontare e da proporre. Condominio comunica la dimensione domestica e collettiva di Kristalia e Personal Spaces by MD House, enfatizzando al massimo la personalità, la trasversalità d'uso e la completezza dell'offerta. Benvenuti in Condominio.

Kristalia has chosen Condominio to tell the company's story and represent it. Condominio is a living project in the making to interpret, show and communicate total living by Kristalia and Personal Spaces by MD House. Condominio is the modern residential archetype which, at the Kristalia showroom, becomes a set, a territory, a place for imagining and a blank sheet of paper for designing. Here, in the communal and private areas, interior scenarios and moments in daily life are captured in time by photography. In these symbolic spaces and living contexts, combinations of furniture and systems become corners and rooms, ideas and functions to be illustrated and proposed. Condominio communicates the domestic and collective dimension of Kristalia and Personal Spaces by MD House, fully highlighting the personality, versatile use and completeness of the offer. Welcome to Condominio.

Entrance

The bonsai on the console
table has shed a leaf.
There's an important
notice on the notice board.
Where did I put my keys?

Il bonsai sulla consolle
ha perso una foglia.
In bacheca c'è un
avviso importante.
Dove ho messo le chiavi?

Concierge

A registered letter has arrived.
Items on the table waiting to be
delivered. The children of the
woman on the third floor are
waiting for their father to return.

È arrivata una raccomandata.
Sul tavolo oggetti di passaggio
in attesa di essere consegnati.
I bambini della signora del terzo
piano aspettano che torni il papà.

Lift

Up and down.
It's impossible
not to look
in the mirror.

Sali e scendi.
Impossibile
non guardarsi
allo specchio.

Dining Room

Red walls, a table,
chairs and a sideboard.
The milk expires
tomorrow. The room
seems to rotate if you
move from one side
to another.

Pareti rosse, un tavolo,
le sedie e la credenza.
Il latte scade domani.
La stanza sembra
roteare se ti muovi
da un lato all'altro.

Living Room

We all usually get together
on this sofa. Not today.

Su questo divano di solito
ci incontriamo tutti. Oggi no.

Bedroom

This room is all mine. Tomorrow I have to get up early. The large suitcase is in the wardrobe.

Questa stanza è tutta mia. Domani devo svegliarmi presto. La valigia grande è nell'armadio.

Terrace

If it were Saturday
morning, I'd be on
my terrace tending
my plants.

Se fosse sabato mattina
sarei sul mio terrazzo
a curare le piante.

Removable cover
For all uses in the contract sector

Bestseller colors

The core of the system is its frame: a light and sturdy tubular structure to which the various elements are fixed – seats, backrests, cushions and tabletops, between which a tension is created that keeps the various parts suspended and open.

Fulcro del sistema è il telaio: una struttura tubolare leggera e solida su cui vengono fissati i vari elementi – sedili, schienali, cuscini e piani tavolo tra cui si viene a creare una tensione che mantiene le varie parti sospese e aperte.

Das Kernstück des Systems ist der Rahmen: Eine leichte und starke Rohrstruktur, an der die verschiedenen Elemente – Sitzflächen, Rückenlehnen, Kissen und Tischplatten – befestigt sind. Unter diesen Elementen entsteht eine Spannung, die die einzelnen Teile schwebend und offen hält.

Le cœur du système, c'est le piètement: une structure tubulaire, légère et solide, à laquelle sont fixés les divers éléments – assises, dossiers, coussins et plateaux de table – entre lesquels se crée une tension qui maintient les différentes parties suspendues et ouvertes.

Sinuous, slender and very hard-wearing. To make the joints between the structure and the base, the designers were inspired by shark fins.

Sharky

Neuland
2014

Sinuosa, sottile e resistentissima.
Per realizzare le giunture tra la scocca
e la base i designer si sono ispirati
alle pinne degli squali.

Kurvig, dünn und äußerst
widerstandsfähig. Bei der Realisierung
der Verbindungselemente zwischen dem
Aufbau und dem Untergestell ließen
sich die Designer von Haifischflossen
inspirieren.

Sinueuse, fine et très résistante.
Pour réaliser l'union entre la coque
et les pieds, les designers se sont
inspirés des nageoires des requins.

Compas removable cushion

A design with sophisticated corners and barely noticeable curves. The two holes in the seat are aesthetic and functional details that make it stackable.

Mem

Christophe Pillet
2012

Un disegno di sofisticati angoli e curve appena accennate. I due fori sulla seduta sono dettagli estetici e funzionali, perché la rendono impilabile.

Ein Entwurf mit raffinierten, kaum wahrnehmbaren Winkeln und Kurven. Die beiden Öffnungen in der Sitzfläche sind ein ästhetisches und funktionelles Detail, da sie den Sessel stapelbar machen.

Un dessin élégant, avec des angles et des courbes à peine esquissées. Les deux ouvertures sur l'assise sont des détails à la fois esthétiques et fonctionnels puisqu'ils permettent de l'empiler.

Teak or aluminium platform

The timeless elegance of this chair arises from the reinterpretation of teak slats, which acquire soft, rounded shapes. The folding director's version has lightly padded upholstery.

Semplice eleganza che combina larghe doghe in teak e le forme morbide della struttura. La versione Regista, pieghevole e con rivestimento leggermente imbottito, acquista fascino e comfort.

Die zeitlose Eleganz dieses Sitzmöbels entsteht aus der Neuinterpretation von Teakholzleisten, die weiche, abgerundete Formen annehmen. Die Version als klappbarer Regiestuhl ist mit einem leicht gepolsterten Bezug ausgestattet.

L'élégance intemporelle de ce siège dérive de la réinterprétation des lattes en teck déclinées dans des formes douces et arrondies. La version «metteur en scène» pliante est dotée d'un revêtement légèrement rembourré.

Bluezone Monica Graffeo 2004

251

Une architecture légère pour organiser et aménager, en pleine liberté, chaque pièce de la maison. Peu d'éléments pour une infinité de solutions: étagères en tôle laquée, montants en aluminium, côtés, serre-livres, tubes éclairants, tringles de penderie et rangements à suspendre.

Bestseller colors

Elephant chair
Neuland
p. 76

Multifunctional product

By combining various elements, you can furnish a patio or terrace, organise a vertical vegetable garden or a sheltered area for plants, and store tools, utensils and accessories.

Regoli

Bluezone
2018

255

Abbinando diversi moduli si arreda un patio o una terrazza, si organizza un orto verticale o un riparo per le piante, si ripongono attrezzi, utensili e accessori.

Durch die Kombination von verschiedenen Modulen lassen sich ein Innenhof oder eine Terrasse einrichten, ein senkrechter Gemüsegarten oder eine Pflanzenkollektion anlegen und Werkzeuge, Geräte und Zubehör aufbewahren.

En associant les divers modules, on pourra meubler un patio ou une terrasse, organiser un potager vertical ou un abri pour les plantes ou encore ranger des outils, des ustensiles et des accessoires.

Features

Modular and sectional
Multifunctional product, also useful for partitioning spaces
Ideal for use in the contract sector
Resistant to weather conditions
Frame and shelves entirely made of metal 200 cm high elements of various widths and depths
Adjustable feet for levelling

Bestseller colors

p. 12

Multifunctional product

Lips cushions feature a black trim and a central seam, which makes them look like a mouth. Ideal for any chair, they are upholstered in non-slip material on the underside.

Lips

I cuscini Lips sono caratterizzati dal bordo nero e dalla cucitura centrale che li fa sembrare una bocca. Adatti a qualsiasi sedia, sono rivestiti di materiale antiscivolo nella parte inferiore.

Die Kissen Lips zeichnen sich durch eine schwarze Einfassung und eine Mittelnaht aus, die an einen Mund erinnert. Sie passen zu jedem Stuhl und sind auf der Unterseite mit rutschfestem Material bezogen.

LucidiPevere 2018

Les coussins Lips se distinguent par un passepoil noir et par une couture centrale qui les fait ressembler à une bouche. Ils peuvent s'utiliser sur n'importe quelle chaise. Les dessous des coussins sont revêtus d'un tissu antiglisse.

Features

They can be detached
and fixed with an elastic cord
Non-slip material on the underside
Special water-repellent padding

Bestseller colors

A collection of sustainable fibre carpets, featuring a melange weave, coloured edge trims and fringes. Each carpet is a unique hand-loomed item.

Mustache

261

Una linea di tappeti outdoor caratterizzata dalla tramatura mèche. Bordature colorate e frange li rendono ancora più raffinati. Ogni tappeto è un pezzo unico, lavorato con telaio a mano.

Eine Linie von Teppichen aus nachhaltigen Fasern, die sich durch ein Gewebe mit Mèche-Effekt und Kettlung in verschiedenen Farben und Fransen auszeichnen. Jeder Teppich ist ein von Hand am Rahmen gewebtes Einzelstück.

Ligne de tapis en fibres durables, caractérisée par un tissage mèche, par un bordage coloré et par des franges. Chaque tapis est une pièce unique et est tissé avec un métier à tisser manuel.

Features

Eco-friendly product

Good weather and UV resistance
(outdoor version)

Non-slip backing (indoor versions)

The MIAB carpet is entirely made of PET, with a fibre obtained from recycling plastic bottles (about 100 are required for each square metre)

The outdoor versions are made of polypropylene fibre yarn with draining and quick-drying properties

Company Profile

Being Kristalia

We were born thanks to the idea of some young entrepreneurs with a passion for design. We were in the right place, in the heart of a production district that still has innovation and excellence as its strengths. We wanted to show how technology and creativity could accompany 'made in Italy' design into the new millennium. We have grown fast, thanks to projects that have interpreted the spirit of the times and to customers who have embraced our vision. Our collection is about inspiration and falling in love, it's the outcome of collaborating with some of the most interesting personalities in contemporary design.

Siamo nati dall'idea di alcuni giovani imprenditori con la passione del design. Eravamo nel posto giusto, al centro di un distretto produttivo che nell'innovazione e nell'eccellenza aveva – e ha tuttora – i suoi punti di forza. Volevamo mostrare come la tecnologia e la creatività potevano accompagnare il design made in Italy verso il nuovo millennio. Siamo cresciuti in fretta, grazie a progetti che hanno saputo interpretare lo spirito del tempo e a clienti che hanno sposato la nostra visione. La nostra collezione racconta ispirazioni e innamoramenti, ed è la sintesi del dialogo con alcuni dei più interessanti nomi del design contemporaneo.

Contorna
Ramos Bassols

We are an Italian company that has been producing lightweight, minimalist furniture and furnishing accessories for homes and community spaces since 1995. Being Kristalia has entailed ideas, time and especially values. Our commitment and design concept envisages that the same furniture, in terms of function and aesthetics, can furnish homes, restaurants and hotels, as well as indoor and outdoor spaces.

Siamo un'azienda italiana che dal 1995 produce arredi e complementi dal segno leggero ed essenziale per case e ambienti collettivi. Essere Kristalia ha richiesto idee, tempo e soprattutto valori. Il nostro impegno e la nostra promessa progettuale prevede che lo stesso arredo, sia per funzione che per estetica, possa arredare case, ristoranti e alberghi, spazi interni ed esterni.

Being Kristalia

Our unique originality

Of all the attributes that describe our collection – coherent, minimalist, functional – the one we prefer is original. Because we like to do things the way nobody else does them.

Seizing the moment every day

Our favourite dimension is the present. Interpreting the spirit of the times, we believe that there is nothing more beautiful than reality.

Thinking ahead about quality

For us, quality is synonymous with sustainability. Designing furniture with excellent materials, intended for a long life, and producing them locally in Italy is a way of respecting the future and resources, as well as the people who choose us.

Originalità (A modo nostro)

Tra tutti gli aggettivi che descrivono la nostra collezione – coerente, essenziale, funzionale – quello che preferiamo è originale. Perché ci piace fare le cose come non le fa nessun altro.

Quotidianità (Viviamo il momento)

La dimensione che preferiamo è quella presente. Interpreti dello spirito del tempo, crediamo che non ci sia cosa più bella della realtà.

Informality, a casual way of life

There's nothing in our collection that we would not also like to have in our own home. We love real homes, lives that are lived, bookcases full of books that have been read and the ineffable beauty of casualness.

Club Kristalia, to the rhythm of jazz

If we hadn't started making furniture, we would have opened a jazz club. But since we believe that all opportunities must be grasped, and passions lived to the full, we have dedicated a space to music, and more generally to culture, at our premises. It's open to everyone – a way to stay curious and thankful to our community.

Qualità (Pensiamo al dopo)

Qualità per noi è sinonimo di sostenibilità. Progettare arredi dai materiali eccellenti, pensati per vivere a lungo e produrli in Italia a km 0 è un modo di rispettare il futuro e le risorse, nonché le persone che ci scelgono.

Informalità (Casual è uno stile di vita)

Nella nostra collezione non c'è nulla che non vorremmo anche a casa nostra. Amiamo le case vere, le vite vissute, le librerie piene di libri letti e l'ineffabile bellezza della casualità.

Club Kristalia (A ritmo di jazz)

Se non ci fossimo messi a fare mobili, avremmo aperto un jazz club. Ma poiché siamo convinti che le opportunità vanno colte tutte, e le passioni vissute fino in fondo, abbiamo dedicato uno spazio alla musica, e più in generale alla cultura, dentro la nostra sede. È aperto a tutti e tutte – un modo per rimanere curiosi e ringraziare la nostra comunità.

We are based in Prata di Pordenone, in the middle of an industrial area, but you wouldn't know that because there's plenty of light, greenery and beauty around us. Built in 2014 on a disused production site, our headquarters was designed to be sustainable in terms of energy and people, with work areas that leave space for relaxation and leisure.

La nostra sede è a Prata di Pordenone. È al centro di un'area industriale ma non si direbbe, perché ci sono molta luce, molto verde e molta bellezza. Costruita nel 2014 su un sito produttivo dismesso, è stata progettata per essere sostenibile sia dal punto di vista dell'energia sia da quello umano, con aree di lavoro che lasciano spazio a zone di relax e svago.

Kristalia represents the finest industrial craftsmanship. Innovative and technological, the company brings together manual skills with standard reproduction, highly specialised operators with mechanical production, efficiency and slow production. At Kristalia, the multi-disciplinary Bluezone team experiments with materials and construction methods.

Kristalia è un esempio di alto artigianato industriale. Innovativa, tecnologica, tiene insieme l'idea della manualità con quella della riproducibilità in serie, il concetto di alta specializzazione degli operatori con quello di produzione meccanica, l'efficienza con la slow production. All'interno dell'azienda opera il team multidisciplinare Bluezone che sperimenta su materiali e tecniche costruttive.

Italy is where 100% of our production takes place and where more than 90% of the raw materials we use – glass, steel, polypropylene, aluminium and wood – are sourced. Going against the trend, we also carry out some in-house processing, and in our powder coating centre we have created new colours: Exclusive Colors finishes. Much of our knowledge of materials springs from the vibrant industrial context all around us: technical clothing, automotive components and knitwear, to name but a few, are a constant inspiration to us to innovate and evolve.

L'Italia è il luogo dove avviene il 100% della produzione e il reperimento di più del 90% delle materie prime – vetro, acciaio, polipropilene, alluminio, legno. In controtendenza, svolgiamo internamente anche alcune lavorazioni, e nel nostro centro di verniciatura a polveri abbiamo creato dei colori nuovi: le finiture Exclusive colors. Molte delle nostre conoscenze nell'ambito dei materiali derivano dal vivace contesto industriale in cui siamo immersi: l'abbigliamento tecnico, le componenti automobilistiche e la maglieria, per citarne solo alcuni, sono un'ispirazione costante per innovare ed evolvere.

Kristalia has an in-house creative team that oversees each stage in the development of a new product, as well as brand communication. This strategy has helped us maintain our original image and a coherent tone of voice while making the work environment more dynamic and friendly.

Kristalia ha al proprio interno un team di creativi che segue ogni fase dell'evoluzione di un nuovo prodotto, oltre alla comunicazione del brand. È una strategia che ci ha aiutato a mantenere un'immagine originale e un tono di voce coerenti, oltre a rendere l'ambiente di lavoro più dinamico e leggero.

We aim to create products that last, so we set ourselves extremely high standards of quality and work consciously, starting with the design. We carefully select materials and suppliers, monitor our energy consumption and emissions while producing our own energy with photovoltaic panels. All our products are internally tested by Ercole, a machine that performs many more tests and cycles than those required at the Italian and international level. They are tested by external bodies, which certify their mechanical resistance, reaction to fire, health and safety, and always produce excellent results. We are working towards obtaining Carbon Footprint certification and specific certifications (EPD environmental declaration and LCA – Life Cycle Assessment) for our new products.

Con l'obiettivo di creare prodotti che durano nel tempo, ci imponiamo standard di qualità molto alti e operiamo con consapevolezza, a partire dal design. Selezioniamo con cura materiali e fornitori, controlliamo i consumi e le emissioni, e produciamo da soli l'energia che consumiamo, con i pannelli fotovoltaici. Tutti i nostri prodotti sono testati internamente da Ercole, una macchina che esegue molti più test

e cicli di quelli richiesti a livello italiano e internazionale, e collaudati da enti esterni, che ne certificano la resistenza meccanica, la reazione al fuoco, la sicurezza e la salubrità, sempre con ottimi risultati. Stiamo lavorando per ottenere la certificazione Carbon Footprint e certificazioni specifiche (la dichiarazione ambientale EPD e la valutazione sul ciclo di vita LCA) per i nuovi prodotti.

Our products are recognisable by their original shape and minimalist appeal. But above all because they express an idea – be it an inspiration, a quotation or the result of technical research and the hand of the international designers who collaborate with us. We like to see how they are used, and we love to see how the same product can be used in so many different contexts.

I nostri prodotti si riconoscono per un'originalità di forma e un'estetica essenziale. Ma soprattutto perché esprimono un'idea – sia essa un'ispirazione, una citazione, nata dalla ricerca tecnica e dalla mano delle firme internazionali che collaborano con noi. Ci piace osservare come vengono impiegati, e amiamo vedere come lo stesso prodotto venga utilizzato in tante e diverse situazioni.

Should personal spaces also be furnished?

We, at Kristalia, think so. Personal Spaces by MD House is the project with which Kristalia embraces total living. We are all looking for spaces to call our own, i.e. only what is precious and really belongs to us: our bedroom, our living room... Homes become places that we furnish painstakingly and slowly, piece by piece. With an approach that has always been inspired by sustainability and optimisation, Kristalia enhances its offer by presenting the new Personal Spaces by MD House catalogue, proposing new ideas and configurations for contemporary spaces. These systems include tables and armchairs that interact with beds. Together now, for our homes and yours, and for community environments.

Anche lo spazio personale va arredato?

Per noi di Kristalia sì. Personal Spaces by MD House è il progetto con cui Kristalia si apre al total living. Siamo tutti alla ricerca di spazi da chiamare nostri. Chiamiamo nostro solo ciò che ha valore e ci appartiene davvero: la nostra camera da letto, il nostro salotto...

Le case diventano luoghi che arrediamo con riflessione e lentezza, arredo dopo arredo. Con un approccio che da sempre è guidato dalla sostenibilità ed ottimizzazione, Kristalia arricchisce la propria offerta presentando il nuovo catalogo Personal Spaces by MD House, proponendo nuove idee e configurazioni per spazi contemporanei. Sistemi che incontrano tavoli, poltrone che dialogano con letti. Da oggi insieme per le nostre e le vostre case e per ambienti collettivi.
